### **What is HGACBuy?**

HGACBuy is a "Government-to-Government" procurement service available nationwide. Governmental entities have been procuring products and services through HGACBuy for over 30 years. As a unit of local government assisting other local governments, HGACBuy strives to make the governmental procurement process more efficient. They accomplish this goal by establishing competitively priced contracts for goods and services, and providing the customer service necessary to help members achieve their procurement goals.

All contracts awarded by a public competitive procurement process, compliant with state statutes (your states' authorizing statutes, [www.uscommunities.org/gpa/legal](http://www.uscommunities.org/gpa/legal)), are available to members of HGACBuy. More than 250 vendors have collaborated with HGACBuy to provide products and services to meet your specific needs.

More than 1600 government entities throughout the U.S. use HGACBuy's products and services. All units of local government, including nonprofits providing governmental services, are eligible to join HGACBuy. Becoming an HGACBuy member is quick, easy and free.
