Baystone Financial Group is an approved funding source for Maricopa County, Arizona. By utilizing the lease program Maricopa County is provided with a competitively priced solution to meet their financing needs. The use of the pre-approved contracts and pricing saves them both time and money typically associated with traditional bidding processes.

Lease purchase financing is available to all county agencies in Maricopa County, AZ and can be used to finance any capital equipment needed by the agency. Equipment that can be financed includes copiers, police vehicles, computers, road maintenance equipment, phone systems, and many other types of equipment.

What is Maricopa County Financing Contract?

Maricopa County has approved a financing agreement for use by county agencies for financing of essential use equipment. The Maricopa County Personal Property Lease Financing/Multi Term contract, supplied by the county, is used to complete any financings needs of the county. An escrow agreement is also available to provide financing flexibility for the county and multiple vendor payments.

Simply call, e-mail, or fax a finance request to Baystone Financial Group and a formal proposal including interest rate, payments and terms will be prepared. When the agency is ready to proceed with the financing, credit approval will be obtained, and Baystone will supply the necessary documentation. Upon receipt of the fully executed contract and delivery of the equipment, we will make prompt payment to the vendor.
